Dear Mr. Ramati

On the occasion of my leaving my job as Business Development Manager in CaesarStone, I would like to emphasize my gratitude and appreciation to you and your company with which I had close and fruitful cooperation from the early days of our operations.

In my last job and in my previous job, as General Manager, I came to appreciate your just in time delivery, professional support and warm inter-personal relation.

Thank you for your professional support and cooperation which assisted our Company to grow and excel. I believe that your quality and professional products and services had an important role in our success to become a recognized brand in the stone industry.

I send you and your team my warm regards.
